

International IDEA

The International Institute for Democracy and Electoral Assistance

Auditor's report

To the council of the International Institute for Democracy and Electoral Assistance

Report on the Financial Statements

We have audited the accompanying financial statements of the International Institute for Democracy and Electoral Assistance, which comprise the balance sheet as at December 31, 2011 with a balance sheet total of TEuro 19 617, the income statement and statement of changes in reserves for the year then ended with a deficit of TEuro 1 525, and a summary of significant accounting policies and other explanatory notes.

Responsibilities of the management for the financial statements

The management is responsible for the preparation and fair presentation of these annual accounts in accordance with the basis of preparation set out under Significant Accounting Policies and the Institute's Finance regulations, and for such internal control as the management determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the year 2011 have been prepared in accordance with the accounting policies described under Significant Accounting Policies and the Institute's Finance regulations.

Furthermore, in our opinion, the accounts for grants have been kept in accordance with generally accepted accounting principles. The grants being reviewed have been used as stated in the application.

Stockholm, May 10 2012 Ernst & Young AB 1110 001

Thomas Lönsntröm Authorized Public Accountant

International Institute For Democracy And Electoral Assistance

The International Institute For Democracy And Electoral Assistance

Statement of Changes in Reserves

See accompanying notes to Financial Statements.

1

Accounting Policies & Notes to Financial Statements 31 December 2011 and 2010

(In thousands of Euros)

Statement of Activities

Created in 1995, the International Institute for Democracy and Electoral Assistance (IDEA) is an intergovernmental organization with 27 member states from six continents. It has a mandate to support sustainable democracy worldwide. IDEA brings together those who analyse and monitor trends in democracy with those who engage directly in political reform or act in support of democracy at home and abroad. IDEA works with new and longestablished democracies, helping to develop and strengthen the institutions and culture of democracy. It operates at international, regional and national levels, working in partnership with a range of institutions.

Significant Accounting Policies

A summary of the significant policies adopted in the preparation of the accompanying combined financial statements are as follows:

- a. Use of estimates The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although management believes the estimates and assumptions used in the preparation of these combined financial statements were appropriate in the circumstances, actual results could differ from those estimates and assumptions.
- **b. Accrual Accounting** The financial statements have been prepared using the accruals basis of accounting.
- c. Revenue recognition Restricted contributions are recognized as revenues when the grant conditions have been substantially met or the donor has explicitly waived such conditions. Core contributions are recognized as revenues in the calendar year in which the remittance is received unless the funds have been received in advance for the following calendar year. Contributions in respect of the reporting period but received in the following calendar year are also recorded as revenues if received before the books have been closed.
- *d. Contributions receivable* Contributions receivable represent amounts recoverable from donors for restricted grants promised or pledged for which the conditions have been met, and for core contributions received after the calendar year but before the books for that year have been closed.

- e. Cash and cash equivalents Cash and cash equivalents comprise cash on hand, bank current accounts and interest bearing bank deposits.
- *f. Fixed Assets* All fixed assets are written off in full at the time of acquisition.
- *g. Income taxes* The Organization is tax-exempt; accordingly, no provision for income taxes has been made in the accompanying combined financial statements.
- h. Accounts payable to donors These represent grants received in advance from donors for core and restricted grants, for which the grant conditions have not yet been met. Also included are amounts payable to donors where donors require reimbursement of unexpended grant balances.
- *i.* Other accounts payable and accruals These represent amounts to be paid in the future for goods or services received, whether billed by the supplier or not.
- *j. Provisions* Provisions are recognized for current obligations that (i) result from a past event, (ii) are expected to result in the use of economic resources, and (iii) can be reasonably estimated.
- *Reporting currency* The currency of report is the Euro. Assets and Liabilities in other currencies are translated to Euro at rates of exchange ruling at the end of the financial year as published by the Swedish Central Bank.
 Transactions in other currencies are translated to Euro at the average rate of

exchange as published by the Swedish Central Bank for the month in which the transaction took place.

Significant exchange gains and losses are transferred to or from the Currency Reserve.

Notes to the Financial Statements

Pension	448	314
Separation Allowance	164	220
Parental Leave	81	87
Social Charges	0	1
Withholding Taxes	57	79
Home Fare Grant	18	11
Total	<u>925</u>	<u>952</u>

Staff has an **annual leave** entitlement of 30 working days per calendar year. Up to 10 days may be carried forward if not utilised by 31st January of the following year.

All staff receive a **pension contribution** equivalent to 2/12 of their yearly gross salary. For expatriates the pension is payable in cash at the end of every twelve months of service. Contributions for staff members who, according to the host country agreement with the government of Sweden, are taxable in Sweden are paid monthly into a pension fund.

Staff members who have relocated to Sweden are entitled at the expiry of their contracts to a separation allowance on relocation.

5. Reserves

Movements in reserves are detailed in the Statement of Changes in Reserves and are classified as follows:

- a. **General Reserve** This reserve provides long-term protection for the Institute by safeguarding it from unforeseen developments that could seriously affect its stability and effectiveness. Appropriations may only be made in extreme circumstances. No appropriations were made from the fund during the year;
- b. Social Security Reserve This reserve represents amounts set aside from refunds of social charges by the Swedish Tax Authority to meet possible future commitments to staff and former staff in respect of possible loss of state pension rights or other social insurance rights. There was no movement this year.

- c. Currency Reserve This reserve provides a facility to overcome distortions in its operational expenditures caused by fluctuations in the exchange rate between the Euro and other currencies. There was a decrease in this reserve, equivalent to the exchange loss of €24 made during the year (vs. gain of €529 in previous year).
- d. Working Capital Reserve This reserve provides liquidity should contributions from Member States be received at a slower rate than approved operational expenditure. This reserve is targeted at 20% of the annual income received in the immediately preceding year.

6. **Revenues**

- a. Contributions Funds received from donors are used to support the Institute's programs. Programs must fall within the mandate of the Institute and be approved by the Governing Council. Details of all contributions are set out in Schedules 1 and 2 of these financial statements and are classified into Core and Restricted contributions. Core contributions are used to support the Institute's activities. Restricted contributions support activities that are mutually agreed upon between the Institute and the donor.
- b. In-kind Contributions The government of Sweden pays to the City of Stockholm a rent for the Strömsborg building that International IDEA uses as its headquarters. This arises from an agreement between the Ministry of Foreign Affairs and the City of Stockholm. For 2010, this donation amounted €278 and €782 for 2011. From September 2011, this building has been under renovation and is not expected to be ready until September 2012. During this time, IDEA has rented alternative premises and charged this cost in its accounts as Office Rent
- c. Other revenue and gains For the years ended 31 December 2011 and 2010, other revenues and gains comprised:

	2011	2010
Tax Refund	695	749
VAT Refund	262	167
Exchange Rate Gain		529
Interest Income	138	24
Book Sales	4	6
Sundry Income	5	- 74
Total	<u>1,104</u>	<u>1,401</u>

Sundry income includes the recognition of losses on restricted grants related to previous financial years.

International IDEA is VAT exempted for specific purchases. As in 2010, the VAT refund for 2011 has been booked as Other Revenue. m

7. Expenses and losses

Details of expenditures are segregated between Operations and Management & Administration, and are set out in Schedule 3 of these financial statements.

Operations expenses - These comprise all expenditures by HQ, Regional and Field Offices directly related to the Institute's main programmatic activities.

Management and general expenses - These expenses comprise general administration expenses, including expenditures applicable to the Council of Member States, the Board of Advisers, Secretary-General Office, External Relations and Governance Support, Communications, Finance and Administration, Human Resources, Information Technology and Office Accommodation.

8. Personnel costs

In addition to the above formal employees, IDEA has 51 contracted consultants/supports predominantly working in Regional Offices. The salary cost shown below includes both categories.

	2011	2010
Salary	5,576	4,513
Annual, Parental and Sick Leave	710	1,385
	6,286	5,898
Pension Contributions	1,259	1,323
Insurance	325	320
Other Benefits	709	339
Total	<u>8,579</u>	<u>7,880</u>

9. Human resources

International IDEA has defined gender equality as an important strategic objective within its management practices and works to support sustainable democratic change through the provision of comparative knowledge, assisting in democratic reforms and influencing policy and politics.

International IDEA has in place and enforces a policy of gender equality that requires equality and fairness in recruitment practices.

In order to evaluate recruitment practices, the following 3 Tables summarise the situation based on the fact that as at 31st December 2011, International IDEA employed 86 Staff Members (compared to 72 in 2010):

R.
