AGENDA

Event Date & Location

17 June 2022, 10:00 – 14:40 CEST, Brussels and Online (Zoom)

Martin's Brussels EU Hotel, Boulevard Charlemagne 80, Brussels

Context

Following the popular uprising of Euromaidan, Ukraine's government and civil society have engaged in a wide-ranging reform-making process, which has made Ukraine into a stronger, more resilient democracy. The reform agenda, which continues to date, has been guided by Ukraine's determination to reform and consolidate its democratic system of government and join the European Union.

This panel discussion will bring together reform-makers from Ukraine's government and civil society to discuss where Ukraine's strongest achievements lie in its post-Euromaidan reforms, how these achievements enhance the country's standing to achieve its EU candidate status and what more remains to be done. Last but not least, the panellists will discuss how the government and civil society should work to ensure that the substantive progress achieved is not rolled back due to the continuing large-scale war perpetrated by Russia. The panels will particularly focus on reforms in the fields of parliamentary strengthening for democratic law-making and public accountability, decentralization and effective local self-government, and promoting electoral integrity and transparency in campaign finance.
