

## ANNEX 7 — INDICATIVE PERSON-DAYS ALLOCATION TEMPLATE

*Tender Reference: 2026-09-100*

Complete for the INDIVIDUAL position applied for. Do not commit or bill another consultant's time. Identify C1 and C2 person-days separately; a day may not be counted twice.

Maximum days: Lead 30; Mental Health Specialist 20; Training and Curriculum Specialist 17.

The allocation below is a blank applicant template, not an approved allocation.

Applicant: \_\_\_\_\_

Position: \_\_\_\_\_

Maximum days for position: \_\_\_\_\_

| Activity deliverable /                | C1 days | C2 days | Total days | Specific personal contribution / timing |
|---------------------------------------|---------|---------|------------|-----------------------------------------|
| Inception / methodology               |         |         |            |                                         |
| Protocol review and manuals/curricula |         |         |            |                                         |
| Assessment and data tools             |         |         |            |                                         |
| National ToT                          |         |         |            |                                         |
| Eight-location C1 capacity building   |         |         |            |                                         |
| Two-day C2 MHRB workshop              |         |         |            |                                         |
| QA, analysis and final reporting      |         |         |            |                                         |
| TOTAL                                 |         |         |            |                                         |

Check: total proposed days  $\leq$  position ceiling;  $C1 + C2 = \text{total}$ ; days correspond to personal work and outputs; no double billing. Include preparation, delivery, analysis and reporting in the proposed total.

Assumptions regarding joint consultant inputs and field deployment:
